15 MONTH CERTIFICATE OF DEPOSIT

TRUTH IN SAVINGS DISCLOSURE

The following information is provided to make sure you have a complete understanding of the account you are opening or inquiring about.

FIXED RATE ACCOUNT:

The interest rate on this account is fixed. We will pay this rate until the maturity of the certificate.

COMPOUNDING AND CREDITING:

Interest will not be compounded. Interest will be credited to your account at maturity.

The annual percentage yield assumes that interest remains on deposit until maturity. A withdrawal of interest will reduce earnings.

Effect on closing an account: If you close your account before interest is credited, you will receive the accrued interest.

MINIMUM BALANCE REQUIREMENTS:

You must deposit at least \$500.00 to open this account. You must maintain a minimum balance of \$500.00 each day to obtain the disclosed annual percentage yield.

BALANCE COMPUTATION METHOD:

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

ACCRUAL OF INTEREST ON NONCASH DEPOSITS:

Interest begins to accrue on the business day you deposit noncash items (for example, checks).

WHEN YOUR ACCOUNT WILL MATURE:

See rate chart to determine the maturity date or term needed to obtain the annual percentage yield.

EARLY WITHDRAWAL PENALTY:

A penalty may be imposed for withdrawals before maturity. The penalty will be an amount equal to the amount of interest on the amount withdrawn that would have been earned had the amount withdrawn remained on deposit until maturity.

The interest rate we will use to calculate the penalty will be the rate in effect at the time of the early withdrawal.

We will charge the penalty first against any interest in the account, and any excess will be deducted from the amount you withdraw. We reserve the right to treat any withdrawal which would reduce the balance remaining in the account below the required minimum initial deposit or minimum balance as a withdrawal of the entire account balance and calculate the amount accordingly.

In certain circumstances such as death, or incompetence of an account owner, the law permits, or in some cases requires the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan.

TRANSACTION LIMITATIONS:

You may not make any deposits into your account until maturity.

RENEWAL OF ACCOUNT:

This account will not renew automatically at maturity. If you do not renew the account, the interest rate on the account will be reduced to the rate then paid on regular savings accounts.
